(I have his approval for sharing)

"The meeting with EPA went well they saw the need they went through my trashed home. They saw people being given food, Ice, water and diapers and they vowed to make things happen for Port Arthur Texas residents. Sam Coleman is the acting head administrator of region 6 EPA and he toured through our community as well Sam is the gentleman in the Cowboy hat, Sam is a great guy and we're fighting to increase the EPA budget in region six. Many thanks to EPA for coming through and seeing what our needs are and agreeing to expedite the process for those in need."

"Sam Coleman acting head administrator for region 6 in the hat was on deck in Port Arthur many thanks to you Sam and we appreciate your visit and seeing our condition first hand. Thank you for assisting use to get things done more expeditiously in Port Arthur Texas." ...
